

NitroCUBE™

PLUG & PLAY Nitrogen Generation Systems

PLUG & PLAY

Nitrogen Generation Systems

THE PROFITABILITY GENERATOR

NitroCube offers a REAL LOW CARBON ALTERNATIVE to traditional nitrogen supplies

The true cost of traditional gas supply*

800 tonnes of metal to be
distributed by road

2500 delivery truck miles
travelled

100 hrs of order
administration

100 hrs receiving, checking &
moving cylinders

3.5 tonnes of CO² emitted
delivering gas

4500 compressed gas
cylinders

10% returned unused

NitroCube is the **LOW CARBON**
ENVIRONMENTALLY FRIENDLY
alternative

* Based on approximately 350 ft³/hour for
4000 hours/year using cylinders or
manifolded cylinder packs

NitroCube **PLUG & PLAY** NITROGEN GENERATORS

Designed for a very quick and easy installation

Can be installed indoors or outdoors, even on a mezzanine floor

Compact footprint, with no special foundations required

Requires only compressed air and a power supply

Installed and working the same day

NitroCube is the
MOST SIMPLE and
ECONOMICAL SOLUTION for
producing nitrogen for laser
cutting applications

- ✓ Increased productivity
- ✓ Improved product quality
- ✓ Reduced costs
- ✓ Maximum profitability

NitroCube THE BENEFITS

- No machine downtime for cylinder changes or liquid top up
- Laser cut carbon steel faster, cheaper and with an "oxide free edge"
- Self financing, using money otherwise spent on ready made nitrogen
- Simple "plug & play" with the NitroCube instantly ready for use
- Guaranteed low cost, high purity nitrogen
- Continuous 24/7 supply
- No running out of gas unexpectedly
- No gas waste, liquid "boil off" or gas bottles returned partially full
- No rental, delivery or environmental charges
- No restrictive gas contracts

NitroCube RANGE

NITROCUBE RANGE		NitroCube1	NitroCube2	NitroCube3	NitroCube4	NitroCube5
Nitrogen production	ft ³ /day	11020	16950	25425	33900	50850
*Nitrogen purity	%	99.9975	99.9975	99.9975	99.9975	99.9975
Compressed air supply	cfm	45	72	108	147	216
Nitrogen pressure	PSI	4350	4350	4350	4350	4350
**Nitrogen storage	ccf	105	105	105	105	210
Dimensions (excluding storage)	in	79L x 94W x 87H				182L x 94W x 87H

*Higher purity 99.999% also available

**Storage can easily be increased

NitroCube HIGH FLOW RANGE

Nitrogen generation specifically for fiber lasers

- High flow rate to suit larger nozzles
- High purity for improved edge quality

NITROCUBE FIBER RANGE		NitroCube6	NitroCube7	NitroCube8	NitroCube9	NitroCube10
Nitrogen production	ft ³ /day	67800	84750	101700	135600	203400
*Nitrogen purity	%	99.9975	99.9975	99.9975	99.9975	99.9975
Compressed air supply	cfm	294	363	441	588	882
Nitrogen pressure	PSI	4350	4350	4350	4350	4350
**Nitrogen storage	ccf	210	315	315	420	630
Dimensions (excluding storage)	in	182L x 94W x 87H	285L x 94W x 87H		182L x 212W x 87H	285L x 212W x 87H

*Higher purity 99.999% also available

**Storage can easily be increased

Larger systems available up to 1 million ft³/day

Nitrogen generation for
“Laser Beam Purge” applications

- Small portable unit
- Single or multiple machine applications
- Fast return of capital investment

NITROCUBE MINI RANGE		NitroCube MINI-1	NitroCube MINI-2
Nitrogen production	ft ³ /day	5930	11865
Nitrogen purity	%	98	98
Compressed air supply	cfm	14	26
Nitrogen pressure	PSI	116	116
Dimensions	in	43L x 43W x 43H	
Weight	lbs	2205	2425

NitroCube MINI RANGE

About **MSS**

With a team of experienced and highly qualified engineers with an unrivalled knowledge of both the laser and gas generation industry, MSS are market leaders in the supply of in-house nitrogen generation systems.

MSS was formed in 2003 with the aim of offering a complete service to the laser cutting industry

Nitrogen generation soon became an integral part of the service offered and provided a springboard for the company's growth and the creation of MSS Nitrogen Ltd in 2010.

Today MSS nitrogen generation systems are well proven, with hundreds of lasers running worldwide with MSS equipment. Utilising our knowledge of laser cutting, our systems are tailored to the exact needs of individual clients, providing pure, high pressure gas, on demand.

**We BUILD and TEST
EVERY SYSTEM in our
factory prior to delivery**

Showroom and production facility

NitroCUBE™

PLUG & PLAY Nitrogen Generation Systems

**NITROCUBE IS DESIGNED AND
MANUFACTURED IN THE USA BY:**

MSS NITROGEN USA

11020 South Tyron Street, Suite 406, Charlotte, NC 28273
